

**The University of Arizona  
Student Chapter of  
The Society of Mining, Metallurgy, and Exploration  
Proudly Presents**

**The 14<sup>th</sup> Annual Diggers and Duffers  
Golf Tournament @ The Pines Golf Club at Marana  
Saturday December 5th, 2009**

I'd like to start off this year's announcement by thanking everyone who attended last year's tournament. It was great to see so many representatives from many different companies out having a great time. Once again the Pines Golf Club at Marana will be hosting our 14<sup>th</sup> Annual Diggers & Duffers Golf Tournament and we have high hopes of success for this year as well. A unique feature about The Pines Golf Club at Marana is that the course is built on reclaimed lands of a previous sand and gravel mining operation.

This tournament is a fundraiser that is a tradition in the U of A SME Student Chapter. The proceeds from this tournament go directly to students who would like to attend the 2010 SME National Convention, the 2010 Student/Alumni Drilling Competition, and the 2010 Intercollegiate Mining Competition. These events are an exceptional opportunity for students to learn about different aspects of our international industry as well as introduce us with some of its leaders.

We have made a few ways possible to contribute to this year's fundraiser. The options are through donation, sponsorship money, or door prizes, and also by registering to play in the tournament itself. You will be contributing immensely to our fund raising efforts and our future opportunities in the mining industry, not to mention you'll have a great time.

Golfer registration includes 18 holes of golf at the beautiful Pines Golf Club at Marana located in northwest Tucson, seconds from Interstate 10, as well as cart, range balls, and an awards luncheon where many great door prizes are to be given away. Sponsorship details are given on the next page. Please respond as promptly as possible since we have limited reserved space. We thank you in advance for your time and support!

Sincerely,

Raymond Rivera  
B.S. Senior Mining Engineering
